FINAL PROGRAMME

PRESENTATION

Dear Colleagues,

it is our great pleasure to invite you to the 6th SLEuro Advanced Workshop on SLE, to be held on 29-30 May 2025 in the stunning city of Turin (Italy). Known for its rich history, academic excellence, and breathtaking architectural and cultural landmarks, Turin provides the perfect setting for this exciting scientific event. As you immerse yourself in the latest advancements in lupus research, you'll also have the chance to appreciate the beauty of this vibrant city, with its exquisite blend of tradition and modernity.

The SLEuro Workshop will be hosted by a distinguished group of experts and aims to offer an interactive, high-level platform for sharing insights into the clinical challenges and cutting-edge treatments of SLE. Our comprehensive program will delve into a wide array of topics, including disease pathogenesis, emerging therapies, biomarkers, and the latest clinical management strategies, including personalized approaches to care.

With active discussions, case studies, and opportunities for networking, this workshop promises to be a valuable experience for all participants, whether you are deepening your knowledge or seeking to stay at the forefront of lupus care. Together, we aim to continue the progress in understanding and treating this complex disease.

Best regards,
